TRANGIA COOK OFF

Year 8 Connect students planned and prepared three meals to be cooked using Trangias. Thank you to Mr Rose and Ms Harnetty for visiting the students and providing valuable feedback, we hope you enjoyed the meals!
Greetings,

I encourage you to read Kate Harnetty’s report regarding choosing House names for our College. Have a conversation with your family to decide what names you think are the best and vote using the SurveyMonkey we have created. The link can be found in Kate’s report. The deadline for completion of voting is Friday 1 August.

I am impressed with the uniform options at Boronia K-12 College. There’s no doubt that our compulsory winter uniform assists in keeping our students warm during these cold months. It is an unfortunate fact that schools are often judged, (by their local and wider communities), by what people see our children wearing. When all students are wearing the correct uniform with pride and demonstrating appropriate public behaviours, we are presenting a positive and respectful image to our community that will be admired. It is the responsibility of students, parents and College staff to ensure our uniform policy is followed. Should you experience any financial difficulty in meeting these requirements I encourage you to contact the College.

I felt like Matt Preston from MasterChef this week, minus the cravat and some girth, when I was invited to the Year 8 Connect students ‘Trangia Bake-off’. There were certainly some creative dishes evident as I viewed and tasted the food presented. The ‘plating up’ of some of the cooking was ‘interesting’; some of the food tasted as good as it looked whilst other inventions tasted better! Congratulations to all our students involved and to Mrs Kowalczuk and Ms McMillan and thank you for inviting me to participate.

Don’t forget! On Friday 8 August all College staff will be involved in professional learning for the day. This is a designated Student Free Day and students are not to attend school on this day.

Regards,

David Rose
College Principal

Enrolling now for 2015 and beyond...

BORONIA K-12 COLLEGE

CLICK HERE TO BOOK NOW
COLLEGE HOUSE NAMES

Traditionally both Boronia Primary School and Boronia Heights College have had four ‘Houses’ represented by the colours of red, green, yellow and blue. At the moment all students and staff at Boronia K-12 College have been placed into a House by colour but with no name. In March this year Ross outlined in the Newsletter our objective to establish four houses with new names and called for input from parents. The small working party established at that time also asked for input from staff and students. We would like to particularly thank the Bray family who produced an extensive list of possible names.

The five names listed below are the preferred options for our new House names. We are conducting an online survey for interested parents, staff and students at each Campus to select the four most popular names and hopefully finalise the process before the Athletics Sports on Thursday 7 August.

COSGROVE (Leader / influential person category)

General Sir Peter Cosgrove is one of Australia’s most respected and popular military leaders, a retired senior Australian Army Officer and the 26th and current Governor-General of Australia.

CHANDLER (History / politician / community category)

Alfred E. Chandler was a local councillor from 1901 – 1935. Boronia was named by Chandler in 1915 after the plant, **Boronia** which he grew on his property (along with daffodils). Prior to this Boronia was considered part of Bayswater. The property was then donated for use as the primary school. Chandler is also suggested as it will keep the Boronia Primary history alive being one of the Primary School’s original house names.

FREEMAN (Sporting legend / female / indigenous representative category)

Australian’s most successful athlete. She was the first ever Aboriginal Olympic Games gold medallist. Ambassador of the Australian Indigenous Education Foundation and for the charity Cottage by the Sea. 1998 Australian of the Year.

HOLLOWS (Science / health / charity category)

Fred Hollows was famous for helping people in need, particularly people who were sick and poor. Specialising in health care for Indigenous Australians living in remote outback communities and drastically reduced the cost of cataract surgery, preventing blindness. Started the Fred Hollows Foundation

PATERSON (Arts/ Author)

Andrew Barton “Banjo” Paterson was an Australian bush poet, journalist and author. He wrote many ballads and poems about Australian life, focusing particularly on the rural and outback areas, including the district around Binalong, New South Wales, where he spent much of his childhood. Paterson’s more notable poems include “Waltzing Matilda”, “The Man from Snowy River” and “Clancy of the Overflow”.

The voting deadline is **Friday 1 August**.

RECENT NEWSPAPER ADVERT

Please note an advert published in the Knox Leader promoting Boronia K-12 College contained, to our horror, two spelling mistakes. The Leader acknowledges this was **their error NOT OURS** and will compensate us accordingly.

Kate Harnetty

Student Learning Conferences – Years 7 and 8 Specialist Teachers and Years 9 to 12 teachers.

Student Learning Conferences involving years 7 and 8 specialist subjects (selected studies) and all subjects for students in Years 9 to 12 will be held on **19 August 2014 at the Mount View Campus**, from 4.00pm to 7.00pm. Letters will be sent home a bit closer to the event, but the database for on-line bookings is open now, so please feel free to book a time that suits you. Use your existing user name and password to access the site – new codes will not be issued.

Uniform

Just a reminder once again that anyone who is struggling to purchase winter uniform should see me for assistance as soon as possible! It is particularly important in this cold weather to ensure that your children have a jumper and/or jacket for the winter months. The microfibre jacket and blazer are good options for those students who have a reaction to wool, as these items are warm but softer on the skin.

Years 9 and 10 Parent Evening

We will hold an information evening on Tuesday 29 July for Year 9 and 10 students and parents. It is most important that everyone attends on this night as we will be discussing special programs for the students and also Careers/Pathways. Both these year levels have events coming up in terms three and four (Year 10 WoW Week, Year 9 Connect Camp and City Experience) and it is vital that parents and students attend and hear the information first-hand and also take advantage of the opportunity to ask questions. A letter about the evening has been sent home, so please reply according to the directions on the letter so we have an idea of numbers for catering purposes.

*Judy Triffett*

Mount View Campus Principal

**Year 9 Student Award**

Alicia and Jazmin have displayed a very positive and mature work application to all their studies. They complete their work enthusiastically and to a high standard.

Both girls are very cooperative and community minded and will assist and complete work beyond the call of duty.

They have been very caring leaders and have assisted staff wherever possible. They are very responsible, reliable and committed to any task until the end.

Both girls are working hard on completing their Duke of Edinburgh Award and have already completed three months of Community Service by helping with the Breakfast Club. They are now working on this skill component and are spending lunchtimes learning how to quilt and make a cushion and a rug.

Congratulations girls! - *Mrs Kowalczuk*

VCAL News

What's on in VCAL

The glow of the recent winter break has started to disappear from students’ faces as they settle back into a solid semester of work. Now that it’s getting colder, it’s great to see some students wearing the new winter jackets – overall, our uniform is looking great.

Discussions are ongoing in the Senior/Intermediate Personal Development Skills class with regards planning the date for the Amazing Race – to take place before the end of term. They are also finalising arrangements to prepare for the City Tour next term. These tasks and the Social Issue project will be the major focus during this semester.

Student of the Week Award

Week 2: Daniel 10V

A number of students were nominated this week but the stand out performer is Daniel in 10V. He has returned to school this term energised and enthusiastic and is working very well in all classes. He took a leading role in the numeracy project, working with others designing a treasure hunt. In PDS, he has inspired his team to work solidly and complete the first task in preparation for the Amazing Race later in the term. In WRS, Daniel is preparing to assist as a Shot Put official at the college sports day and his research and willingness to help out, indicate he will do a fantastic job!

Daniel has also arranged his work placement for the end of the year.

Congratulations Daniel!

Foundation VCAL

In Foundation VCAL this week we have shaken things up a little. At the moment in class we are looking at building our communication skills in the workplace. Rather than doing the same old stuff over again, the students completed a number of different challenges involving the use of the common drinking straw. The first challenge was to build the tallest tower using only the provided materials – ten straws and 2 cm of sticky tape, the option was there to purchase extra materials if needed but the cost would be considered when deciding the winner. A time limit of 50 minutes also made the task that little bit more challenging. Finally at the end of the allotted time the winning team was Shaun and Jarrad beating David and Randy by 0.5cm.

The other challenge has been used in our Peer Support program in years gone by, where the students partner up and sit back to back. The idea is that one person describes the shape whilst the other person makes it with nothing to help but the description from their partner. There were some interesting takes on the shapes and some rather frustrated people by the end of the challenge.

John Gove
VCAL Coordinator
Trangia Bake-Off

On Monday the Year 8 students, in preparation for the camp in November, competed in a Trangia Bake-off. Students, after watching a Master Class run by Mrs Kowalczuk and Ms McMillian, prepared a three course meal that would be suitable to prepare on a bushwalking camp. They had to consider suitable food items – light food to carry, limited equipment, non-perishable food, and healthy foods that provide sufficient energy for their long bush walks. Many delicious foods were prepared and sampled by our two top class food judges – Mr. Rose and Ms Harnetty. Mr Rose was so impressed with one group that he gave them an “immunity pin” - which we later transferred into points.

Winners of the bake-off will be announced in the next newsletter as students need to complete a self and peer evaluation of the task as well as show changes to their menu in relation to food choices and organisation.

Thank you to all the parents in providing ingredients for the Bake-off.

Mrs. Kowalczuk, Ms McMillian and Ms Emerson

SPORTSMART CLUB ADVANTAGE & BORONIA K-12 COLLEGE

Boronia K-12 College is now signed up to Sportsmart’s Club Advantage program, which offers great benefits to us and our club members.

Our Club Advantage number is: 800385

Quote this number every time you make a purchase from Sportsmart to get two benefits:

1. For you - an instant 5% discount off the normal selling price

2. For our club - your purchase will boost our club rebate (Boronia K-12 College gets 3% back in rebates so we can put this into the purchase of equipment and can reduce our running costs!) In addition to your discount and our club rebate, Club Advantage also gives Boronia K-12 College access to exclusive promotions, VIP nights and special offers.

We thank Sportsmart for supporting Boronia K-12 College. Visit clubadvantage.sportsmart.com.au for details.

Secondary Boys Netball

Our Junior and Intermediate Secondary Boys teams hit the courts at Knox Regional Netball Centre on Tuesday 22 July. All boys had a great day, congratulations to the Intermediate A Team for their efforts. They had three really close games including a win, a loss within a point, and a draw... Finals next year lads!
Now taking enrolments for PREP 2015

OSHC Coordinator

PUPIL FREE DAY | FRIDAY 8 AUGUST | BOTH CAMPUSES
Helping Kids Cope with Disaster
(Parenting Ideas - Michael Grose)

What a week it has been – with another tragedy involving a Malaysian Airlines plane. This and similar events are replayed over the media at all hours and in great detail. So what is a parent, teacher, or other caring adult to do when such an event fills the airwaves and the consciousness of society? I don’t agree totally with all Michael says, like I would never promise what I cannot be sure of, but the basics are very helpful. Here are some of his ideas plus some of my comments:

1. First and foremost reassure children that they are safe. The consistency of the images can be frightening for young children who don’t understand the notion of distance and have difficulty distinguishing between reality and fiction. Let them know that while this event has happened, it won’t happen to them.

2. Be available. Let kids know that it is okay to talk about the unpleasant events. Listen to what they think and feel. By listening, you can find out if they have misunderstandings, and you can learn more about the support that they need. You do not need to explain more than they are ready to hear, but be willing to answer their questions.

3. Watch your language. The media describes such events in dramatic fashion. The jetliner was carrying 298 people, including 80 children. This is very scary for young ears.

4. Help children process what they see and hear. Children are good observers but can be poor interpreters of events that are out of their level of understanding.

5. Support children’s concerns for others. They may have genuine concerns for the children who died and those who are left and they may need an outlet for those concerns. It is heart-warming to see this empathy in children for the concerns of others.

6. Let them explore feelings such as sadness and anger. Many children may feel sad or even angry with these events so let them express the full range of emotions. Sometimes kids feel sadder for the loss of lives that they don’t know, than for people they know.

7. Help children take action. Action is a great antidote to loss so find simple ways to express feelings such as planting a memorial tree in the garden can help.

8. Provide hope and optimism. Children who know their parents, teachers, or other significant caregivers are working to make a difference feel hope. They feel safer and more positive about the future. So do something. It will make you feel more hopeful, too. And hope is one of the most valuable gifts we can give children and ourselves.

Children’s worlds can be affected in ways that we can’t even conceive of so adults need to be both sensitive to children’s needs and mindful of what they say and how they act in front of children. In difficult times, it is worth remembering what adults and children need most are each other.

My featured book is “Life without limits” by Nick Vujicic, an amazing Aussie born without arms or legs. He is in inspirational speaker and the President of Life Without Limbs (www.lifewithoutlimbs.org) There are also DVD’s about his life.

Kids with Courage

Kids with Courage is a seven session program that aims to strengthen primary aged children (7-12) who are struggling with issues at school, at home or with peer relationships.

The program is used as both prevention and intervention. It builds on the child’s strengths and develops emotional resilience. It has been developed by a team of child educators, psychologists and welfare workers and includes drama, puppetry, hands on activities and small group work.

Session Information:

**Feelings** - The aim of this session is to assist the children to identify and express their feelings.

**Boundaries** - This session seeks to assist children with establishing protective behaviours and gives children strategies for resisting peer group pressure.

**Social Skills** - This session aims to raise awareness of personal behaviour, to introduce problem-solving skills, and to provide modelling and practice of appropriate communication.

**Grief and Loss** - This session focuses on providing children with an opportunity to express feelings of grief and loss, and to develop strategies for dealing with grief and loss.

**Anger** - In this session children will recognise that anger is a natural response and identify appropriate ways to express anger.

**Fear and Worry** - This session aims to develop awareness that fear and worry are normal emotions and to model, process and practice strategies that assist in minimising anxious, frightened feelings and behaviours.

**Self-Esteem** - The aim of this session is to promote healthy self-esteem and to convey to the children that everyone has value.

This series will run at Discovery Church, 89 Monbulk Rd Mt Evelyn, on Wednesdays 2-4pm for seven weeks starting August 6.

**Parent Info Night** – July 30; Kids Program – Aug 6 – Sep 17; Parent follow-up Sep 17

Alan Silverwood
Chaplain

Pastoral care for our community, with issues of emotional, financial, spiritual, physical nature.

The Chaplaincy program is funded through the Federal Government & Community support. This is a voluntary program in our school community.

The College will not accept legal liability in relation to any advertisements which appear in this newsletter.
YEAR 12’S APPLYING FOR COURSES FOR 2015

The application process for university and VET places is done through the Victorian Tertiary Admissions Centre (VTAC). Applications are completed online at www.vtac.edu.au. Applications open on Monday 4 August, and will cost $28.00 if done on time (ie by 30 Sept). More info. later.

OPEN DAYS

University and TAFE Open Days are coming up soon. They are a great way to find out more about courses, collect information, talk to staff and students, and to check out facilities. Year 10-12 students are advised to attend.

OPEN DAY DATES FOR YOUR DIARY -

Sat 2 Aug  Monash University (Berwick & Peninsula campuses)
Sun 3 Aug  Deakin (Warrnambool), Monash (Caulfield & Clayton), Swinburne
Sun 10 Aug  Australian Catholic Uni (ACU) (Melbourne), Deakin (Geelong), RMIT
Sun 17 Aug  La Trobe Uni (Bendigo), University of Melbourne; Monash (Parkville – not 3 Aug)
Sun 24 Aug  Box Hill Institute, Deakin (Melbourne), La Trobe (Melbourne), Victoria, William Angliss Institute
Sun 31 Aug  ACU (Ballarat), Federation Uni (Ballarat & Gippsland)
Holmesglen – has ‘Open Wednesday’ each week – see their website to book a visit.

HOW TO GET THE MOST OUT OF OPEN DAYS

Don’t wander aimlessly….try the following:

Get an Open Day Guide from the relevant training organisation’s website
Plan to be at Open Day when relevant information sessions are scheduled
Allow sufficient time for your visit; two hours or so would be advisable
Speak to staff about courses which interest you - note your questions beforehand
Get a student perspective - speak to students studying courses which interest you
Collect information/brochures
Ask about industry based-learning (IBL) programs; these can help with getting a job
Ask about international study opportunities – a popular option
Consider transport issues; is the campus accessible from where you live?

Check the environment where you will study; will you be happy there for three/four years?
Consider the facilities/clubs offered at your preferred institution
Consider visiting a rural campus, especially if you think you won’t obtain a high enough ATAR for a metropolitan campus. ATAR’s are often lower and they often offer more personal assistance, accommodation, and a lifestyle which will suit some students.

NOTE: If you plan to apply for a course involving an interview/folio presentation/audition as part of the selection process, attending is a must! You might be asked what you learned at Open Day.

ANOTHER CAREERS EXPO

The Melbourne Careers Expo is a careers and education event with 180+ exhibitors from many occupations, information from universities, VET, private providers, ‘try a trade’, seminars, GAP year, and government student services info. When: 15-17 August; Where: Melbourne Exhibition Centre; Info: info@careerexpo.com.au, www.careerexpo.com.au (ALSO - free tickets available from this website).

MONASH UNIVERSITY NEWS

PHARMACY AND PHARMACEUTICAL SCIENCE

Monash Parkville campus will hold an ‘Open House’, 10am-3pm, Sun 17 Aug (same day as Melbourne University’s Open Day). Pharmacy will also be represented at Monash Clayton’s Open Day, Sun 3 Aug. Info: www.monash.edu/pharm/openhouse.

MEDICINE, NURSING, HEALTH SCIENCES

Physiotherapy – as previously stated, the UMAT and ISAT are not required for 2015 entry. An interview is still required and will be offered based on applicant’s academic record.

Radiography and Medical Imaging – an interview has been introduced as an extra requirement for entry to this degree. Applicants will be invited to attend an interview based on their academic performance. The interview will involve 4 MMI (Multiple Mini Interview) stations. NOTE: find out more about radiation oncology careers: www.acareerinradiationoncology.com.au.

Bachelor of Nursing (Community Health) – Berwick campus won’t have an intake for this degree, but will have the Bachelor of Nursing from 2015 (VTAC – listed with Clayton and Peninsula campuses).

Direct Entry MBBS – Monash is the only Victorian university offering Year 12 students who aspire to become a doctor the option of applying directly to the B. Medicine and B. Surgery program from school. There are 242 places for domestic students and 65 for international students.

Discontinued courses for 2015 –

The B. Nursing and B. Emergency Health (Peninsula). Students can alternatively study a B. Nursing followed by a Master of Emergency Health OR a B. Emergency Health (Paramedic) followed by a Master of Nursing Practice.

The B. Health Science and B. Business (Caulfield campus).
ARE THERE STILL JOBS IN JOURNALISM?

Career Practitioners at a conference at Monash Uni, heard about opportunities in journalism. Journalism is not in decline; it is newspapers that are in decline; newspapers and journalism are not the same thing. The digital era that is destroying the old business model is opening up opportunities. We are entering an age where we can combine all media to tell our stories. Skills needed include enterprise, independence and resourcefulness. Jobs in media are fragmenting with online opportunities proliferating. Journalists need to: think critically, understand the concepts of evidence and impartial argument, find stories, research, interview, write, edit, know the difference between good/bad writing, and digital skills in content creation and distribution. With the skills of journalism, you are also a good fit for jobs in many areas such as PR, communications, speechwriting and producing. NOTE: Journalism can be studied at most universities.

WHAT ABOUT SURVEYING?

Surveying offers opportunities for those looking for a diverse and varied career. The national demand for surveyors means graduates are more likely to secure jobs in surveying compared with many other professions. Surveyors get to work indoors and outdoors, taking precise measurements using specialised technology, then analysing and interpreting the results. Students interested in maths, geography, physics and science may suit this career.

DEAKIN UNIVERSITY NEWS

BACHELOR OF DESIGN TECHNOLOGY

There is a trend to increasingly adaptive industries, where manufacturing and product development companies are becoming smaller and adopting more diverse interests and product lines. The industry needs versatile, technologically-minded people with design, project management and organisational skills to drive innovation. Commencing in 2015, Deakin’s B. Design Technology has design and innovation as core focus. Gain design skills for application in technological settings, and an understanding of using technology to enhance design and product development. Graduates will be able to create and design consumer, sports, medical or industrial products. Where: Geelong (Waurrn Ponds); Prerequisite: English

BACHELOR OF PLANNING (HONOURS)

As cities grow, there is increasing demand for planners to manage change. This new Deakin degree brings together planning, design, urban studies and society in one degree. Where: Geelong (Waterfront); Duration: 4 years; Prerequisite: English.

NURSING AND MIDWIFERY INFORMATION

Deakin has information sessions about their courses. When/Where: Burwood – 2.30-4.30 pm, Sat 26 July, Bld Y, room 1.11 A and B; Geelong Waterfront – 6-8pm, Wed 23 July & 2.30-4.30pm, Sat 26 July, Bld AD, room 2.217; Warrnambool – 7.30pm, Fri 25 July, Warrnambool City Centre Campus; Info: 9244 6032 or www.deakin.edu.au/nursing. Register: nursinfo@deakin.edu.au, indicating the session you will attend.
